

MEDC CTI WEB-APP Installation Manual

MSSQL Driver Installation

Install drivers

1. Microsoft® ODBC Driver 17 for SQL Server® - Windows

<https://go.microsoft.com/fwlink/?linkid=2217421>

Install this in C:/ drive

2. PHP Drivers for SQL Server

<https://docs.microsoft.com/en-us/sql/connect/php/loading-the-php-sql-driver?view=sql-server-ver15>

After download in zip

Extract SQLSRV510 file and search for two extension names:-

php_pdo_sqlsrv_74_ts_x64.dll

php_sqlsrv_74_ts_x64.dll

3. Paste those two files in C:\xampp\php\ext

4. PHP.ini - Config file in Apache.

extension=pdo_sqlsrv_74_ts_x64

extension=sqlsrv_74_ts_x64

Enable/Add these extensions to php.ini file (C:/xampp/php/php.ini)

After that restart Apache in XAMPP.
